TILTING TV WALL MOUNT

FEATURES

EASY TILTING.

The screen can be adjusted -5° to $+10^{\circ}$ to achieve the optimum viewing angle[#]. Simply loosen the two twist handles, tilt the screen as desired and re-tighten the handles. Other tilt mounts require you to choose from a small number of set positions. But the Ezymount VP-T155 Wall Mount's unique tilting system allows infinite adjustment within the entire tilting range. ([#] Tilt range can be affected by larger screen sizes)

UNIVERSAL.

Easily attaches to most 43" to 90" TV screens weighing up to 75kgs using the supplied hardware kit and without the need for special tools.

SPECIFICATIONS

COLOUR	Black
WEIGHT CAPACITY	75kg
SCREEN SIZES	43" to 90" (109cm to 228cm)

STRONG AND ATTRACTIVE.

Heavy gauge steel construction is powder coated in an attractive black finish. The stylish and unobtrusive design fits easily into any environment.

QUALITY.

The Ezymount VP-T155 Wall Mount is made from quality materials and is covered by a ten year warranty.

PACKAGE INCLUDES

Two universal tilting mounting rails, locking rod, wall mounting plate, mounting hardware and assembly instructions.

NOTE: If your TV, regardless of its screen size, weighs less than the weight capacity stated here, and the location of its mounting screw holes correspond with those listed, then this mount is suitable for your TV. Can include screens up to 100 inches.

* Vertical rails must be fitted centrally to the TV to allow for adjustment up and down. Height adjustment of the TV is limited to the length of the rails and how they are positioned on the mounting holes of the TV.
