

**General Description**

The MK 4 is a large-diaphragm true condenser microphone for professional studio recordings. Featuring fine resolution and outstanding sound quality, the MK 4 is easy to handle and excellent value for money, making it an ideal choice for professional project studios and home recordists. It features a 1" true condenser capsule based on the acoustics of the e 965 high-end vocal mic, optimised for recording. The MK 4 is made in Germany, its transducer being manufactured in the same clean room as all high-end Sennheiser condenser capsules.

**Features**

- Large-diaphragm capsule (1")
- True condenser design
- 24-carat gold -plated diaphragm
- Full metal housing
- Capsule shock-mounted internally to minimise structure-borne noise
- Designed for project studios and stage use
- Low inherent self-noise and high maximum SPL
- Made in Germany

**Delivery Includes**

- MK 4 microphone
- MZQ 4 microphone clamp
- Pouch
- Instruction manual

**Technical Data**

Transducer principle (Microphone)	externally polarized condenser microphone
Pick-up pattern	Cardioid
Frequency response	20 Hz - 20 kHz
Sensitivity as per 121 TR 9-5	25 mV/Pa
Maximum sound pressure level (passiv)	140 dB
Equivalent noise level	10 dB(A)
Dynamic range	130 dB
Nominal impedance	ca. 50 Ohm
Min. terminating impedance	1000 Ohm
Power supply	48 V phantom powering (P48)
Current consumption	3,1 mA
Weight	485 g
Dimensions	160 x 57 mm (length x diameter)

**Recommended Accessories**

Description	Product	Article No.
Windscreen foam windscreen for MK 4	MKW 4	504611
Pop shield	MZP 40	3132
elastic suspension elastic suspension with open ring - allows the mike to be positioned close to the sound source	MKS 4	504299
