Intended for high power 8 Ohm PA systems, the new F2 series from Biema consist of the latest design die-cast magnesium frame drivers with heavy duty cone suspension system. Each trapezoidal cabinet is constructed from heavy duty MDF coated in a hard wearing stippled finish. Internal bracing helps to eliminate flexing under high power input conditions. Engineered to deliver outstanding high power performance day in, day out!

Suitable for speaker stand mounting (35mm), floor/foldback configuration or permanent wall mount installation with appropriate hardware & mount. All connect via standard SpeakOn connector with loop output.

- High power handling.
- All wooden trapezoidal cabinetry.
- Designed in the USA.
- Suitable for foldback use, speaker stand or permanent wall mounting.
- Hard wearing stippled finish with steel grille.
- Speakon loop output.
- Multiple rigging points for 8mm eyebolts.
- Sold in matching pairs.
